## Be more comfortable with ethically made bras

**molke**

Molke have created a range of colourful and supportive non-wired bras, which are ethically made in Scotland from organic cotton jersey.

The company, an accredited Real Living Wage employer, offer an inclusive range covering up to a 54-inch band and M cup – including breastfeeding bras – of sustainable products that are designed and made to last.

This female-led business believe bras should be comfortable and have a range of styles for customers to try; shop them along with other Molke products, from leggings to period pants.

Find out more at [molke.co.uk](http://molke.co.uk) or scan the QR code.
